***Pillar bath taps***

## **Installation and Operation Instructions**

INSTALLERS PLEASE NOTE THESE INSTRUCTIONS ARE TO BE LEFT WITH THE USER

### **INTRODUCTION**

This guide contains all the necessary fitting instructions for your Aspirante Fervore Pillar bath taps.

Please read this guide carefully before beginning your installation.

The tap installation must be carried out by a suitably competent person and in the sequence of the instruction book.

Care taken during the installation will provide long life and trouble free operation from your taps.

These taps are suitable for water pressures of 0.5 bar and above and should be fitted in accordance with Water Regulations.

**DO NOT choose a position where the tap could become frozen.**

Replacement parts can be ordered from Triton Customer Service (*see back page*).

### **COMPONENTS**

The tap set comprises of the following (**fig.1**):

1. Tap (2 off)
2. Tap base (2 off)
3. Sealing washer (2 off)
4. Lock nuts (2 off)

Check that all parts are correct.

### **INSTALLATION**

Fit the taps into the bath as shown in (**fig.2**). Connect the hot and cold supplies to the taps using standard BSP  $\frac{3}{4}$ " tap connectors.

### **LEAK TESTING**

Switch on the supplies at the mains. Turn on the tap and test for leaks in the connections. Remedy if required.

## Service Policy

In the event of a complaint occurring, the following procedure should be followed:

- 1 Telephone Customer Service on +44 (0) 24 7637 2222 (+44 (0) 84 5762 6591 in Scotland and in Northern Ireland), having available the model number and power rating of the product, together with the date of purchase.
- 2 Triton Customer Service will be able to confirm whether the fault can be rectified by either the provision of a replacement part or a site visit from a qualified Triton service engineer.
- 3 If a service call is required it will be booked and the date of call confirmed. In order to speed up your request, please have your postcode available when booking a service call.
- 4 It is essential that you or an appointed representative (who must be a person of 18 years of age or more) is present during the service engineer's visit and receipt of purchase is shown.
- 5 A charge will be made in the event of an aborted service call by you but not by us, or where a call under the terms of guarantee has been booked and the failure is not product related (i.e. scaling and furring, incorrect water pressure, pressure relief device operation, electrical installation faults).
- 6 If the product is no longer covered by the guarantee, a charge will be made for the site visit and for any parts supplied.
- 7 Service charges are based on the account being settled when work is complete, the engineer will then request payment for the invoice. If this is not made to the service engineer or settled within ten working days, an administration charge will be added.

## Replacement Parts Policy

**Availability:** It is the policy of Triton to maintain availability of parts for the current range of products for supply after the guarantee has expired. Stocks of spare parts will be maintained for the duration of the product's manufacture and for a period of five years thereafter.

In the event of a spare part not being available a substitute part will be supplied.

**Payment:** The following payment methods can be used to obtain spare parts:

- 1 By post, pre-payment of pro forma invoice by cheque or money order.
- 2 By telephone, quoting credit card (MasterCard or Visa) details.
