

Air Conditioners

Rapid Piu Range

- ***Two models available- Piu Eco & Piu Cube***
- ***4 modes of operation***
- ***A rated cooling energy efficiency***
- ***Creates a more uniform ambient temperature***

A new breed of portable air conditioners, providing perfect distribution of air throughout the interior with the utmost quietness, efficiency and compactness.

Air Conditioning

Rapid Piu Range

Introduction

A new breed of portable air conditioners. The Piu range utilises a new air distribution system that allows the jet of cold air to reach the upper areas of the room, lowering the ambient temperature of the room, rather than blasting the occupants with cold air.

The units are extremely quiet thanks to a newly designed tangential fan, allowing an increased quantity of air with minimum noise and minimum electrical consumption.

A rated for energy efficiency, the Piu range uses highly efficient ecological coolant and has a high-efficiency compressor and heat exchanger making the units extremely environmentally friendly.

Key Features

- Ventilation only mode
- Dehumidification only mode
- Cooling only mode
- Automatic mode - modifying the mode to the environment
- Automatic Timer
- Remote Control with LCD display

Technical Specifications

		Piu Eco	Piu Cube
Cooling Capacity	Btu/hr	10,000	13,000
	kW	2.5	3.3
Dehumidification Capacity	l/h	1.0	1.2
Voltage/Frequency	V-F-Hz	230-1-50	230-1-50
E.E.R		3.01	3.0
Sound Level (min-max)	db(A)	38-48	38-48
Energy Efficiency		A	A
Fan Speeds		3	3
Dimensions (W x H x D)	mm	460x760x395	460x760x395
Weight (without packaging)	kg	29	29
Flexible Pipe (LengthxDiameter)	mm	1500x120	1500x120
Refrigerant Gas		R407C	R407C

Piu Cube

Piu eco

RAPID Climate Control
Creating the perfect environment

To find out more about our extensive range of climate control units and how they can improve your environment call your local Rapid Climate Control branch or email info@rapidclimatecontrol.com or visit us at www.rapidclimatecontrol.com
